WHAT KIND OF COMPANIES USE EOR?

1) Startups & Scaleups

To gain the **agility** needed to adapt to the demands of such a changing and volatile market, effectively **scaling** their business.

2) Tech Companies

TI sector is often characterized by its dynamism and constant need for **innovation**. This is why so many technologies operate with teams distributed all around the world.

3) Multinationals

Multinational companies wishing to expand into new markets will benefit greatly from **EOR Services**. Allowing them to test new locations without establishing another **subsidiary** there.

4) Companies looking for skilled talent

Organizations often need access to very **specific skills** that may NOT be available in their home country.

WHAT KIND OF COMPANIES USE EOR?

5) Consulting Firms

It is common for consulting companies to work with **international clients** who need local specialist talent.

6) e-commerce businesses

E-commerce has **grown exponentially** in recent years. Becoming the leader in growth and investment with 18% more spending by 2024.

7) Non-profit Organizations

These organizations also benefit significantly from the use of **EOR providers** when operating in multiple countries.

8) Entertainment Industry

By using the services of an EOR, these companies can react quickly to changing market demands and adjust their workforce according to the **specific needs** of each production.
